Annex to the Partial Accreditation Certificate D-PL-14292-01-01 according to DIN EN ISO/IEC 17025:2018

Valid from: 10.02.2025 **Valid to:** 19.02.2029
Date of issue: 26.05.2025

This annex is a part of the accreditation certificate D-PL-14292-01-00.

Holder of partial accreditation certificate:

Eurofins Technology Service (Suzhou) Company Limited
No. 101 Jialingjiang Road
Suzhou New District
SUZHOU CITY, JIANGSU PROVINCE 215163, JIANGSU PROVINCE, P.R. CHINA

with the location

Eurofins Technology Service (Suzhou) Company Limited
No. 101 Jialingjiang Road
Suzhou New District
SUZHOU CITY, JIANGSU PROVINCE 215163, JIANGSU PROVINCE, P. R. CHINA

The testing laboratory meets the requirements of DIN EN ISO/IEC 17025:2018 to carry out the conformity assessment activities listed in this annex. The testing laboratory meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17025 are written in the language relevant to the operations of testing laboratories and they conform to the principles of DIN EN ISO 9001.

This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.

Annex to the Partial Accreditation Certificate D-PL-14292-01-01

Tests in the field of:

physical, physico-chemical, chemical, microbiological, immunological and molecular biological analysis of food and feeding stuff;

microbiological analysis of environmental samples in the area of food production;

Within the given testing field marked with */, the testing laboratory is permitted without being required to inform and obtain prior approval from DAkkS, the following**

*** the free choice of standard or equivalent test methods.**

**** the modification, development and refinement of test methods.**

The listed test methods are exemplary.

The testing laboratory is permitted, without being required to inform and obtain prior approval from DAkkS, to use standards or equivalent testing methods listed here with different issue dates.

The testing laboratory maintains a current list of all test methods in a flexible scope of accreditation.
